## Creativity can change a child's life.

The arts are a powerful teaching tool. The Arts in Education programs of Acadiana Center for the Arts (AcA) provide arts experiences to students as well as tools to teachers for integrating the arts into education.

These programs are interdisciplinary learning adventures designed to connect real-life experiences with academic instruction through a broad range of quality arts events and workshops.

With over 45 years of partnership with the Lafayette Parish School System, the mission of the AcA is to foster art and culture in Acadiana.

Founded in 1975, AcA is a major force in public education and community development in South Louisiana. Through this work, AcA is:

- **building** a thriving arts scene in Acadiana
- **providing** arts experiences to more than 40,000 students
- **sharing** thoughtful art in an elevated space
- **servicing** as Lafayette's premier venue for performing arts
- **connecting** Louisiana musicians to the global entertainment economy

We invite you to enjoy the benefits of having a great arts center in your community!

Acadiana Center for the Arts, Lafayette Parish School System and University of Louisiana at Lafayette are members of the Kennedy Center Partners in Education

Program. The primary purpose of this partnership is to provide professional learning in the arts for teachers. The Partners in Education program is based on the belief that teachers' professional learning is an essential component of any effort designed to increase the artistic literacy of its young people.
