

Event Rates and Services

When using this Rate Sheet to estimate your event costs, a simple formula is **Room Fees + Technical Production + Event Staff + Additional Services + Beverage Service**. Please note that the final price of a rental is not determined until after a discussion with the General Manager and the signing of the Rental Contract. Any questions about this document can be directed to the General Manager, Audrey de Mahy, at audrey@acadianacenterforthearts.org

Technical Production (per show, unless otherwise stated)

Rate

All packages assume a maximum of 8 hours work, per day, for technical staff. Additional time beyond this will incur a charge of \$40 per hour per technician. A discussion with the AcA Production Manager prior to the contract being signed will determine any specific technical needs for your event. If you are unsure which technical package best fits your event, you can reach out to the General Manager for clarification. An itemized list of our available technical offerings is available upon request.

Basic Tech Support Package	\$300
Presentation/Seminar Package	\$1,600
